- The Bourns Identity: BCOE
  BEOE offers opportunities for its students to meet the challenges and solve the problems of our increasingly technological society. This session gives a detailed overview of what it means to be an engineer and why BCOE is the place to be.
- Welcome to CHASS
  University Lecture Hall (UNL101)
  CHASS is unique in its combination of the arts, humanities and social sciences within one college. Our CHASS staff welcomes students interested in a wide range of majors to UCR and gives an overview of the CHASS FYRE First-Year Experience Programs.
- CNAS: Science for a Healthy World
  MSE 104 and MSE 116
  CNAS is unique among land-grant universities with life, physical, and mathematical and agricultural sciences together in one college. This results in a vibrant culture that encourages interdisciplinary coursework and undergraduate research, which we call the “CNAS advantage.” Hear faculty and students talk about their experiences.
- Welcome to Education
  Watkins 1000
  UCR is offering a new and exciting undergraduate major: education, society, and human development. Undergraduate majors in education study, research and contribute to the educational system alongside world-class education faculty members. We invite you to explore how education can be a critical tool to transform communities, society and ourselves.
- The Business Administration Program for Incoming Students
  Freshman: 10 a.m.–11:30 a.m.
  Transfer: 11 a.m.–12 p.m.
- Life Sciences 1500
  UCR is home to Southern California’s oldest and most comprehensive UC business administration program. This session gives you an overview of the program, the benefits of a UCR business degree and the process through which students move through the business administration major.
- SPP: Solutions for the Region, Solutions for the World
  HUB 269
  SPP is distinctive in its focus on addressing the big policy challenges confronting communities in our region and around the world. Learn how we train and cultivate our students to become leaders who bring innovative policy solutions to complex societal problems.
